World Nickel Statistics – Monthly Bulletin

- The INSG Monthly Statistical Bulletin is generally recognised as providing the foundation for most of the analytical work undertaken on nickel by companies around the world
- Comprehensive and unique data gathered from INSG's extensive network of sources worldwide
- Contains monthly data by country on nickel mine production, primary nickel production, primary nickel usage, prices and stocks
- Includes detailed monthly trade data by country, by partner country and by HS code
- The one-year subscription (12 monthly bulletins) comprises 1 Yearbook (usually published in November) with annual data.
- It is complemented by an Online Statistical Database, where data can be visualized on screen or downloaded in excel-format
- The Monthly Bulletin is distributed by email in pdf-format and excel-format (only the summary tables)
- Price unchanged since 2006
