**Report on the Nickel Ore Market of
Southeast Asia**

2013

Report Available Now

- This report provides information on one of the most rapidly growing nickel producing regions in the world; laterite mines and smelters in Southeast Asia, including Indonesia, the Philippines, Myanmar, Papua New Guinea and the Solomon Islands
- Data is provided up to mid-2013
- A listing of existing mining operations in the region is provided, furnishing information on reserves and resources, grades of ore, mining capacity, main destinations of output and other information
- For existing and proposed smelters and refining facilities, information is provided on the name of the company and plant, feed utilized, process technology, capacity and products
- Details are furnished on the legal provisions applying to the mining and export of nickel ore in Indonesia
- Announced expansion plans and projects are detailed

The Report's Contents

Introduction	6
Southeast Asian Nickel Ore in the Global Context	7
Mining and Usage of Southeast Asian Nickel Ore	10
Indonesia	12
The Philippines	25
Myanmar, Papua New Guinea and Others	32
Future Laterite Ore Projects in Southeast Asian	35
Appendix: Listing of Nickel Laterite Mines and Smelters in SE Asia (18 pages)	38
